

# Louisiana Flooding

|

[View PDF](#)

Our thoughts are with our neighbors in northern and northwest Louisiana who have experienced flooding from last week's storms. While New Orleans was not significantly impacted by the rain, we are well versed in the devastation high water can cause.

If those in our community - faculty, staff, or students - were impacted by the flooding, please let the dean's office know.

If you would like to assist, we recommend that you contact the American Red Cross of Southeast Louisiana. They can provide opportunities to volunteer and provide financial support to those impacted. <http://www.redcross.org/local/louisiana>. You can also monitor their Facebook page at <https://www.facebook.com/RedCrossSELA/>.
